Transport Coordinator

Coogee Chemicals is one of Western Australian's largest and most successful private companies pursuing growth through the supply of industrial, agricultural and mineral processing chemicals to the Australian and International markets. We are an innovative company with numerous products and services, including chemical manufacturing, transport and tank terminaling.

We are currently seeking the skills of a **Full-time Transport Coordinator** to join our Transport team based in Kwinana. The successful candidate will be responsible for coordinating all deliveries by a combination of heavy vehicles, ensuring that they are made in a safe, timely and efficient manner.

The successful candidate will need to possess the following (**selection criteria**):

- Demonstrated experience in a fleet coordination role within the transport industry
- Previous experience in the haulage of dangerous goods and road train operations
- Demonstrated ability to work to a strict time frame and under pressure with minimal supervision
- Proven ability to prioritise work as well as the ability to show initiative
- Sound computer skills with proven experience in MS Office
- Well developed communication skills (both written and verbal)

Also desirable:

- Sound knowledge of current statutory legislation
- Experience in sea and rail container freight will also be an added advantage

Please forward applications (addressing the above criteria), including a current Resume to hr@coogee.com.au
